

1. To get to the hotel from the airport you have two possibilities:

a) **Train:** the train station at the airport is about 200m (5 min. walk) from the terminal building. You can either walk to the station or take the free shuttle bus (attached You will find a map of the airport).

Trains leave every 30 min. (between 7:25 and 21:25) for Cracow Central Station (and every 60 min. between 21:25 and 23:25). You can find the timetable of the trains here (unfortunately the site is in Polish, the English version of the site does not work:

http://www.balice.hostingpro.pl/strona.Pasazer,jak_dojechac_polozenie,POCIAG.html

The ticket costs 4 PLN (about 1 Euro or 1,4 USD) and can be bought in ticket machines near the tourist information at the terminal. The train takes 15 min. to Cracow Central Station.

The hotel (Campanile Hotel) is about 700 m (10 min. walk) from the Central Station in ul. Sw. Tomasza 34 (Saint Thomas street). You can find a map how to get from the train station to the hotel here:

(You do not have to follow the streets: there are pedestrian pathways, which you can use which are not displayed on the map.)

When getting from the Central Station to the hotel, be careful because there are many exits from the Central Station. Some lead to the Bus Station (Dworzec Autobusowy): **don't follow them** because the Bus Station is on the opposite site of the tracks than the city center. You can leave the Central Station through a huge shopping mall or through the station itself.

b) **Taxi:** when getting from the airport to the hotel by taxi please use "Radio Taxi 9191" –the official partner of the airport. You can take the Taxi at a taxi stand (You will find their location on the attached map of the airport). Tell the driver to take You to Campanile hotel, ul. Sw Tomasza 34.

When taking the taxi on a weekday between 6-22 o'clock you should pay between 60-70 PLN (17-18,5 Euro, 21-25 USD). When you take the taxi on Sunday or between 22-6 o'clock you will pay 100-110 PLN (26-29 Euro, 37-39 USD). Attention: please be careful when taking the right taxi. Sometimes there are taxis, which imitate the official taxis (for example they can be marked "Taxi 1991"). By using them you risk paying a lot more than the price of a normal taxi.

2. Exchanging money: You can exchange money at the airport (in the terminal building) however we advise you to change there a little sum of money (50 Euro, 70 USD) so that you can pay for the taxi plus have some money for the first day in Cracow. We'll then help you to exchange money in the center of Cracow: there many exchange points and they offer better exchange rates than the ones at the airport.
